

KAMRAN ALAM

Web Developer · Java · C/C++/C# · DSA Enthusiast

kamranalam4555@gmail.com | +92 323 2485081 | Karachi, Pakistan | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Software Engineering student (SMIU, 6th Semester) with hands-on experience building responsive websites, REST APIs, and full-stack web applications. Comfortable across the stack — from crafting pixel-perfect UIs to designing backend systems with Node.js and databases. Currently sharpening DSA skills to write cleaner, more efficient code.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Responsive Design, UI/UX Principles

Backend: Node.js, REST APIs

Databases: PostgreSQL, MongoDB, MySQL Workbench

Languages: Java, C, C++, C#, Go

Tools: Git, GitHub, VS Code, Visual Studio, Canva, WordPress

Currently Learning: Data Structures & Algorithms (DSA)

EXPERIENCE

Web Developer · Fiverr (Freelance)

Jan 2026 – Present

- ▶ Developing and delivering custom websites for international clients on the Fiverr platform.
- ▶ Building responsive, cross-browser compatible frontends using HTML, CSS, and JavaScript.
- ▶ Translating client briefs into functional, visually polished web solutions.

Web Dev Team Member · Ziraal

Sep 2025 – Dec 2025

- ▶ Collaborated on web development projects as part of a cross-functional team.
- ▶ Contributed to frontend development and UI implementation for company projects.

Freelance Graphic Designer · Fiverr (Remote)

Jul 2022 – Apr 2026

- ▶ Provided custom graphic design services across social media and branding niches.
- ▶ Created social media graphics, thumbnails, and visual content using Canva.

Mathematics Tutor · Self-Employed

Oct 2021 – Apr 2026

- ▶ Taught Mathematics to Matric-level students, adapting methods to individual learning styles.
- ▶ Built strong communication and problem-solving skills working with diverse students.

PUBLICATIONS

Static Versus Adaptive Paging: A Simulation-Based Comparison of Windows-Style and Linux Memory Management Under Realistic Workloads

AM Research Journal, April 2025. [\[View Paper\]](#)

Published a research paper on Page Replacement Algorithms, analyzing performance of classic and modern strategies in operating system memory management.

PROJECTS

Library Management System (Re-Engineering) *React, Firebase, Cloudinary*

- ▶ Full re-engineering of a library management system with modern UI and backend integration.

Portfolio Website *React, Three.js*

- ▶ Personal developer portfolio showcasing projects, skills, and contact information.

Positivus Landing Page *HTML · CSS*

- ▶ Pixel-faithful recreation of the Positivus marketing website with clean, responsive layout.

Airbnb Clone (Responsive) *HTML · CSS*

- ▶ Responsive clone of Airbnb's UI — demonstrates mastery of CSS Grid/Flexbox and responsive design.

Todo List App *HTML · CSS · JavaScript*

- ▶ Interactive task manager with add/delete functionality built with vanilla JavaScript.

Dicee Game *HTML · CSS · JavaScript*

- ▶ Browser-based two-player dice game with DOM manipulation and random logic.

EDUCATION

BS Software Engineering · Sindh Madressatul Islam University (SMIU) *2023 – Present (Expected 2027)*

CGPA: 3.1 / 4.0 · Currently in 6th Semester

Modern Web & App Development · Saylani Mass IT Training (SMIT)

Mar 2025

Intermediate – Computer Science · Superior College

Oct 2021 – Dec 2023

CERTIFICATIONS

- ▶ Hands On React JS From Beginner to Expert (Udemy)
- ▶ Complete HTML & CSS – Build Responsive Websites (Udemy)
- ▶ NVQF Level 2 – Information Technology (Computer Operator)
- ▶ Social Media Graphics Design & Video Editing in Canva (Udemy)
- ▶ Mastering x86-64 Real Assembly Language from Zero | ASMCert+
- ▶ Effective Leadership
